**Indicado para piel. No recomendado para pieles sintéticas con base PVC.** Para teñir de un color oscuro a uno claro, utilizar **Imprimación incolora**. Cuando se trate de teñir de un color claro a uno oscuro, aplicar el color de la imprimación más parecido al color de la **Tintura Universal**. De esta manera se obtendrá una base de color más resistente.

**Tarrago Imprimación** cumple con la legislación vigente referente a la salud, seguridad y medio ambiente.

**Suitable for leather. Not recommended for synthetic PVC-based leather.** To dye from a dark to a light color, use colorless Primer. To dye from a light to a dark color, use the most similar Primer color to the color of **TARRAGO UNIVERSAL DYE**. This will result in a more solid color base.

**Tarrago Primer** is in accordance with the updated legislation on health, safety and environment.
