— How to use

1. Brush the surface of the footwear before applying the product to remove dust and dirt residues.
2. Shake the bottle.
3. Apply evenly the product by pressing the sponge gently, paying particular attention to the dirty areas.
4. Remove the remaining product with Tarrago Shoe Duster.
5. Let dry for 30 minutes.
6. Clean the sponge with water.

— Tips

- The Tarrago Sport Cleaner formula is a soapy solution, so it will generate a lot of foam. Remember to remove it with Tarrago Shoe Duster.
- For best results, use Tarrago Universal Protector or Tarrago High Tech Nano Protector after cleaning.
