Protector

Tarrago Protector is a colorless waterproofer that protects shoes and garments from rain, snow, dirt, oil stains and liquids.

Surfaces

UNIVERSAL

Use

PROTECTS

Garments

Description

Universal Protector has the property of maintaining and increasing the waterproofing property. It prevents the transfer of water or dirt into the interior of footwear and garments. When the Protector has been applied the fibers, themselves become much more water and dirt proof. Materials stay breathable and when regularly used, their surface stays looking like new for longer.

For smooth leather, synthetic leather, oil tanned leather, suede and nubuck, canvas, fabric and microfiber and all textil surfaces. Can be applied on all garments as shoes, jackets, bags, belts and accessories. Does not change the original color and the natural characteristics of the leather. Its special formula contains a smart fluoride polymer that has the property to classify the molecules, the polymer creates an invisible waterproofing layer that repels water and dirt.

Presentation

PACKAGE	BOX UNITS	BOX SIZES	BOX WEIGHT	PALLET UNITS	EAN CODE
100 ml - 3.52 fl oz	12	190x150x150	1,25 kg.	4.224	8427457070004
250 ml - 8.8 fl oz	12	220 x 170 x 220	3 kg.	2.304	8427457011007

How to use

1. Remove any dirt or dust from the surface with a cloth or a brush.
2. Shake the spray.
3. Spray on the surface to be treated from about 30 cm.
4. Let dry 30 minutes.

TIP: For a best results, repeat the process for 2 or 3 times.

Tips

- After its application and once dry, brush suede and nubuck with De Luxe Brush.
- It is also recommended for TEX and other HIGH-TECH membranes.
- In average weather conditions the durability of the product is 4 weeks.
- We don't recommend using the Tarrago Universal Protector on metallic colors. To protect metallic colors, we recommend use the Tarrago Synthetic Protector.
- Always apply in well ventilated areas.
