THE SNEAKER SERUM

L'HYDRATANT

Recognising luxury sneakers use delicate leathers, **The Sneaker Serum** has been developed to be gently absorbed by fine leather so that the fibres can be nourished and their natural flexibility restored. If leather loses its natural oils and moisture, it loses its flexibility and starts to crack. **The Sneaker Serum** will help prevent this occurring.

THE SNEAKER CREAM

LA CRÈME

Luxury sneakers crafted from fine leather demand a level of care to ensure the right protection. Being the first on the market and acknowledging that sneakers come in different shades, our exclusive high-pigment formula offers the perfect solution to marked and scuffed sneakers whilst nourishing and replenishing the leather.

THE RECHARGE

LA CRÈME

As part of our eco-responsible approach, **The Sneaker Cream** can be refilled as many times as desired, limiting its carbon footprint.

Refilling your jar of Sneaker Cream twice reduces its greenhouse gas emissions by around half.

To extend the life of the product, simply insert the refill into the empty glass jar of The Sneaker Cream.

THE SNEAKER TREE

Knowing that sneakers have different shapes and properties to formal footwear, we've designed and manufactured (in house) a dedicated sneaker tree to retain the shape and structure to the sneaker.

THE SNEAKER TECHNICAL CLOTH

Our woven microfibre cloth is an essential component for looking after your high-end sneakers. To be used with **The Sneaker Cleaner** and **The Sneaker Cream**.

THE SNEAKER HORN

An important accessory for premium sneakers. A chrome plated steel horn with a hand-stitched fine leather fob. Hand made in England,
